

Exhibit 1

Substances Which Must be Accepted for Disposal/Recycling by Bidders

The list below, along with any other waste stream data provided in the RFP, includes those materials upon which bid responses will be judged. When contracting for services, or during a collection event, a Town's site coordinator, in consultation with the Bidder's site coordinator may choose to amend the list below.

- Banned or Out-dated Insecticides
- Asbestos-containing products **(2)**
- E-cigarettes and vaping supplies
- Herbicides and Fungicides
- Insect Repellents
- Flea Treatments
- Wax stripper
- Ammonia
- Acids
- Home-Use Photochemicals
- Home-Use Art supplies
- Radiator Flush
- Tire Cleaners
- Gasoline **(1)**
-
- Dioxin-bearing Wastes
- Non-empty Aerosol Cans containing insecticides, fungicides, herbicides or lead paints
- Mercury containing devices such as thermometers, switches, blood pressure cuffs, gauges
- Oven and Drain Cleaners
- Spot Removers
- Cesspool Cleaners
- Pool and Hot Tub Chemicals
- Metal Polishes
- Brake and Power Steering Fluids
- Paints
- Wood Finishes
- Stains (Excluding Latex and acrylics)
- Varnishes
- Glazing Compounds with Lead
- Coal Tar Containing Asbestos **(2)**
- Sealants Containing Asbestos **(2)**
- VSQG Waste
- Handheld Marine and Road Flares (30 or 55-gallon drum)
- Crushed fluorescent bulbs (in 55-gallon drum)
- Propane Tanks
- Fire Extinguishers
- Organic Peroxides
- Lithium Batteries

NOTES

(1) Gasoline may be mixed with oil as is used in two-cycle engines.

(2) These items are not intended to include loose, friable asbestos.

Excluded Substances List

The list below, along with any other waste stream provided in the RFP, includes those materials upon which bid responses will be judged. When contracting for services, or during a collection event, a Town's site coordinator, in consultation with the Bidder's site coordinator may choose to amend the list below.

The Selected Bidder shall not accept the following wastes:

- Explosives
- Shock Sensitive
- Radioactives
- Loose Asbestos **(1)**
- Etiologicals
- Vehicle or Home Use Batteries
- Latex Caulk
- Latex Sealants
- Latex Glazing Compounds
- Latex Driveway Sealer
- Latex Glues
- Air Fresheners
- Borax
- Car Wash
- Trisodium Phosphate
- Pathologicals
- Gas Cylinders
- Empty Aerosol Cans
- Smoke and Carbon Monoxide
- Detectors
- Fire Extinguishers
- Fluorescent Tubes and Compact Fluorescent Lights (whole)
- Water-base Car Finish or General Purpose Wax
- Dish Soap
- Dish Washer Detergents
- Laundry Soap and/or Detergent
- Fertilizer without Insecticides, Fungicides or Herbicides
- Scouring Powder
- Auto Compound
- Lime, Bone Meal, Potting Soil
- Plant Food
- Joint Compounds
- Cement
- Glazing Compound without Lead

NOTES

(1) Loose Asbestos is intended to mean friable asbestos insulation, siding, roofing or similar materials.
