LOVE YOUR LOCAL WATER  
IT'S A CAPE COD THING.

Household hazardous waste (HHW) collections protect our local drinking water. Most chemicals are too toxic to throw away in regular trash or dump down the drain, so collections for residents are being held to take that waste off your hands and keep it out of our water supply.

We define Residents as people who own a home, own a second home, are tenants, or landlords in the town. Proof of residency includes one of the following: Drivers License with in-town address or tax bill.

Not a Resident? You can still participate. Call Anthony Gerace at #508 -375-6699 to get a quote and appointment.

## BRING THESE ITEMS TO YOUR 2025 COLLECTION

For items not listed here visit your town's website for disposal instruction.
